-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

**DETAILED ACTION*****Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-31, 38 and 39, drawn to the exercise apparatus, classified in class 482, subclass 101.
  - II. Claims 32-37, drawn to the weight stack exercise resistance unit, classified in class 482, subclass 103.
  - III. Claims 40-44, drawn to the exercise handle assembly, classified in class 482, subclass 139.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions I, II and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention II has separate utility from inventions I and III such as a resistance unit for any exercise apparatus; i.e. those not having two movable resistance units; invention III has separate utility from inventions I and II such as a handle assembly for exercise apparatus not utilizing two movable resistance units or exercise apparatus not utilizing weight stack resistance; and invention I has separate utility from inventions II and III such as those not requiring weight stack resistance units or those not requiring freely rotatable handles. See MPEP § 806.05(d).
3. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Groups II or III; Group II is not required for Groups III or I; and Group III is not required for Groups I and II, restriction for examination purposes

as indicated is proper. Additionally, because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. A telephone call was made to Christopher L. McKee on September 23, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Victor K. Hwang whose telephone number is (703) 308-2865 until Nov. 2, 2004. After Nov. 2, the new telephone number will be (571) 272-4976. The examiner can normally be reached Monday through Friday from 7:30 AM to 4:00 PM Eastern time.

The facsimile number for submitting papers directly to the examiner for informal correspondence is (703) 746-4891 until Nov. 2, 2004. After Nov. 2, the new informal fax number will be the same as my telephone number, (571) 272-4976. The facsimile number for submitting all formal correspondence at this time is (703) 872-9306.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Justine R. Yu can be reached on 703-308-2675.
